The **BFCA BULLETIN** is the official newsletter of the Bichon Frise Club of America, Inc. and is published quarterly. Subscriptions to members of BFCA are paid as a portion of annual membership dues.

# President's Message

With the holidays behind us, we are all ramping up our duties to prepare for our National Specialty in Tulsa, OK, the week of May 2, 2022. Expect informational communications from our Show Chair, Donna DeMartini, and Assistant Show Chair, Lillian Endo, in the coming months.

Here is what your Board has been addressing since my last Bulletin article. Mayno Blanding, our AKC Delegate, joined the November Board Zoom meeting to provide the Board with an update. Ms. Blanding indicated that the AKC Board approved the BBE proposals relating to future Puppy BBE class(es). If approved at the December Delegate's meeting, puppies entered in the BBE puppy class(es) that win points will no longer disqualify breeders from receiving their BBE medallion for those dogs. Addendum: Ms. Blanding indicated that at the Delegates' Meeting in Orlando in December, this rule was approved. Thanks, Mayno, for being a great representative for BFCA as an AKC Delegate.

Matt Abbott, our Treasurer, continues to provide the Board with monthly financial reports, and I am pleased to report that BFCA's finances continue to remain good. I had tasked Matt and Lillian to provide the Board with a dollar amount that BFCA should hold in reserve to shield us from any unforeseen financial debt. Matt and Lillian recommended, and the Board approved, that BFCA should always maintain a reserve of \$50,000.

Nancy McDonald, Health Committee Chair, and Sherry Watts will investigate the plans for AKC's Purebred DNA Bank committee and report back to the Board their recommendation as to whether BFCA should participate.

Kim Furlong and Shannon Tupes coordinated the electronic vote for the 2023 National Specialty Futurity judge. Carol Fellbaum was elected, and has accepted, this judging assignment. Congratulations, Carol!

It is with great sadness that I accepted the resignation of Kim Furlong as Futurity Secretary. Kim plans to spend more time with her friends and family. Thank you, Kim, for sharing your expertise in Futurity with BFCA!

**President's Message cont.**

The Board has sent a Constant Contact to the membership asking for a volunteer to replace Kim as Futurity Secretary. We will let you know when a new Futurity Secretary is assigned.

As you all know, the most recent mail-in vote for the Revised Constitution and Bylaws was defeated. The Board has discussed how to move forward with any potential revision(s), and AKC has been consulted. AKC has indicated that BFCA send to them another "Letter of Intent" to revise our Constitution and Bylaws which will be good for 1 year for us to continue to be able to hold Zoom Board meetings or continue to do anything electronically. By the time this message is published in our Bulletin, the Letter of Intent will have been sent to AKC. The Board has decided to revise our Constitution and Bylaws a section at a time and will start with the most urgent revision of electronic meetings/voting/communication. We hope to have a proposal to the membership within the next month.

BFCA was unable to find a Show Superintendent for our 2022 National Specialty in Tulsa. Therefore, we contracted with a Show Secretary for our National. Unfortunately, shortly after the contract was fully executed, the Show Secretary notified BFCA that effective December 31, 2021, she would no longer be in business. Needless to say, that put all of us in panic mode given how difficult it was to even find this person. Lillian and Donna started searching again and fortunately found a Show Secretary that lives right in Tulsa and is part of the local All-Breed club and her local parent club (Irish Setters) which she indicated could help us with show ring equipment, etc. Lillian and I spoke with her at length and we both agreed that we should move forward with contracting with her. Her name is Anna Vaughan, and Lillian is negotiating the Show Secretary contract as I am writing this message.

Around this same time, we learned that Camille Bakker would not be able to judge the Junior event at our National Specialty due to her new job with AKC. In one of our conversations with Anna Vaughan regarding our National, Lillian was able to learn of two potential judges for Juniors that live right in the Tulsa area, and the Board agreed to have Donna and/or Lillian contact the judges to ascertain whether one of them could judge Juniors for us. We will let everyone know when we have a judge contracted for judging Juniors.

## President's Message cont.

The applications for our shows are awaiting AKC approval. Donna and Lillian are working on the Premium List and the Show Flyer. Dina Taylor has volunteered to live stream our National Specialty. Thanks, Dina!

The Board received feedback regarding having an ad on the front cover of our National Specialty catalog. This front cover ad was made available for purchase for an ad placement on first-come-first-serve basis via Constant Contact back before our 2020 National Specialty in Indianapolis was cancelled. The person who paid for this front cover ad back in 2020 has been waiting until we had our next National Specialty. Offering this front cover ad was a new concept that we thought we would "test out". The Board discussed the feedback regarding a front cover ad as well as the Board's thoughts on this concept and potential alternatives. After much discussion, the Board voted to not have an ad on the front or back covers of any future BFCA Specialty. The Board also voted to offer for purchase an ad on the inside back cover of the National catalog and the person who gets to have this ad location will be selected via lottery. More details will be coming in the months ahead from your Show Secretaries.

The newly printed Membership Directory booklet has been mailed to each member. As you all know, this printed booklet is usually outdated before it reaches members' mailboxes as members are constantly moving and/or changing other contact information. Please be aware that the Membership Directory in the Members Only section of BFCA's website is continually being updated as new member information is sent to our Recording Secretary, Wendy Ball. Our webmaster has made our Membership Directory a pdf document that will allow anyone to print off the Directory at any time. Please let me take this opportunity to remind everyone to e-mail our Recording Secretary, Wendy Ball, with ANY update to your contact information. This is the only way we have of keeping our Membership Directory accurate.

Mollie Fletcher has been our Awards Chairperson for a number of years now. Mollie has requested, and the Board has approved, that a second person be added to the Awards Committee to split the workload. Mollie will continue to be the Chairperson and will do everything except the statistics piece. The second person will be responsible for providing Mollie with the winner(s) of each Conformation Award (the awards recognized at our Annual Banquet) – the bichon's AKC registered name, the owner(s), and the breeder(s). A Constant Contact will be sent to the membership within the next month asking for volunteers for this position.

**President's Message cont.**

At the National Specialty this past November in Madison, WI, a member suggested to Board members present at the show that BFCA investigate the possibility of acquiring a Parliamentarian. Although the Board has investigated this in the past, the Board will research this topic again in the coming months.

At the Board's January Zoom meeting, Dir Antetomaso gave an update on the status of the Ad Hoc Judge's Education Program Review Committee. Dir Antetomaso indicated that the Ad Hoc committee has begun their review of the program with the Judge's Education Mentors and discussed that the committee is working on a Mentor Application and Mentor requirements and guidelines. Dir Antetomaso will continue to keep the Board updated on the Ad Hoc committee's progress.

As you can see, your Board continues to be busy doing all we can to keep BFCA moving forward.

If any member has an idea or suggestion for the Board to discuss, please do not hesitate to contact any Board member. We're here for you and welcome communication from our members!

Wishing everyone a nice Valentine's Day!

Happy  
Valentine's  
Day

# Recording Secretary

Where do I begin???? Let's see it's the 10<sup>th</sup> of January 2022 and so far in Kentucky we've seen a second round of tornadoes on the 1<sup>st</sup>, floods, and a 7+ inches snowfall. Thanks to those that reached out concerned due to the December 10<sup>th</sup> deadly tornadoes in Kentucky, my brother and family are all safe and OK but live in Mayfield, KY and our home in West Kentucky was just 5 miles from another deadly section of that same tornado. But all in all, we are blessed and hoping for a brighter 2022. Tulsa, OK in May will be here sooner than we can imagine, hope everyone is again anxious to get in the show ring. Congratulations to all the winners at our National and Parent Club Specialties in Madison, WI. Sorry I could not attend, but Danny is still restricted on his lifting weights and bichons don't fall in the OK category yet. The Board has been busy and gearing up for Tulsa.

The Membership Directories have been mailed and Special Thanks to Diane Woodring for again doing her best. Yes, there are as always corrections and additions to be made after printing, so in this Bulletin will be all those items. Also on our website, bichon.org you can go in and see the Membership Directory and it is printable now too. **Remember it is the member's responsibility to keep their contact information up to date.**

**Nominating Committee Volunteer Form:** Included in this Bulletin is a volunteer form for serving on the Nominating Committee for the 2023 elections. Please have your form to me by April 15, 2022, if you are interested in serving on this committee. My address is on the form attached.

The Annual Membership Meeting will be held Wednesday, May 4, 2022, at 1PM CDT at the host hotel.

Bichon Kisses,  
Wendy Ball  
BFCA Recording Secretary

Matt Abbott, Treasurer - December 31, 2021

# AKC Delegate

December is the month of the annual Delegate meeting in Orlando, Florida, held in conjunction with the AKC National Championship show. What an exciting time to be there! The Delegates meet just across the street from the show, and although we are too busy to zip over during the meeting days, it makes it quite convenient to attend the show. I was delighted to be able to steward the Non-Sporting/Bichon ring on the first day of conformation and Herding dogs the second day. The AKC does a fantastic job of caring for us in every way. They are bearish about vaccinations and mask wearing (something I truly appreciate at my age and with my health considerations), they provide one meal per day of absolutely wonderful food, plus we get to watch the groups. I must say watching groups with other passionate dog fanciers is a real treat.

Probably the thing most breeders are interested in is the **Bred-by-Exhibitor Puppy amendment**, which was overwhelmingly passed. The complete wording is in the minutes published in the Gazette, but to summarize: This provides clubs the opportunity to divide the BBE class by age: Puppy & Adult. This follows the same logic as the Puppy and 12-18 month classes. Dividing the BBE class by age would be an *option* for clubs and *not a requirement*. **An entry from any division of class awarded winners would be counted toward the BBE medallion as it advanced from the BBE class.**

I attended the **Health Committee, Parent Club Committee, Coordinating Committee, and Legislative Caucus** meetings.

## **HEALTH COMMITTEE highlights:**

The **Canine Health Foundation (CHF)** received lots of donations in new grants last year and had such a successful hybrid conference that they are planning a hybrid conference again in 2022. Veterinarians get continuing credit for attending these conferences and CHF takes advantage of this time to encourage DVMs to think of the CHF as the go-to place for all health questions. The Theriogenology Foundation and CHF work together to support vet students by offering grants, fellowships positions and additional funding. The AKC gave \$1,000,000 to CHF in 2021.

**OFA:** There wasn't much to report in 2021 because of Covid, but 157,012 dogs were issued CHIC numbers. They encouraged us to put photos of our dogs on the OFA website.

The CHF is **reaching out to DVMs** and students by doing dog show tours. They encourage clubs to reach out to universities and offer to take students to dog shows. This has been very worthwhile and is highly recommended. One group got to evaluate a litter of Doberman pups. They also learn about health problems in different breeds. AKC can send reps (like Dr. Battaglia) to your show to help with this.

In most schools, vets are taught that every bitch should be spayed. They need to hear that we breed for temperament and health. We can move it from negative to normal and change this attitude. Be open, have conversations, and form a relationship based on trust. We heard from many attendees about **C-Section prejudice** and **mandatory spay**. This is becoming more and more prevalent. Animal law attorneys say there is no law prohibiting vets from taking that position if they tell you up front – only if they spay without telling the owner first. I'm sure I'm not the only Bichon breeder who has a horror story to tell regarding treatment of a bitch with dystocia by an emergency veterinarian!

The **AKC Semen Preservation Bank Committee** now has a formal mission statement and a FAQ sheet, which I have shared with the BFCA Health Committee. Anyone who wants a copy of this can get it by emailing me ( [maynob@gmail.com](mailto:maynob@gmail.com) ) This project is really important. For example, Cocker Spaniels were the most popular breed for 40 years. Now they are almost rare. 50% of all breeds are now considered low-entry with fewer than 3500 entries in the breed. Breeds with entries of one or zero in any given show are not just limited to low-entry breeds. If we don't take steps to preserve our Bichons Frises they may become extinct. There have been legal problems in rolling out the information Parent Clubs will need, but we were told that it should be up and running in 6-12 months. As I understand it, there will be information about instructions in wills, how to collect data, photos, videos on stud dogs, and an AKC template for the Parent Clubs to use.

The **AKC Marketplace** still has no sync-up for puppies and breed health statements. We must think about what we are looking at and look at both the Marketplace and our own BFCA website. One person suggested putting up something like, "**Caution, please read health policies before choosing your puppy**" at the tops of the pages. By the way, **CHIC** numbers will soon be included on AKC registrations. It is being coded in now.

**PARENT CLUB COMMITTEE:** In addition to many of the issues discussed at the Health Committee Meeting, the following also were discussed.

**Legislative:** AKC reported that it's difficult to work with Parent Clubs because we are spread all over the country. We are urged to select one person to be the legislative liaison for our club. Some areas covered – animal cruelty, working and service dogs, animal control, shelters/rescues, shows and field trials where dogs do what they are bred to do. Healthy dog education act requires all dogs entering the country to have a health certificate. Currently it is directed at countries. We want it directed to the dogs. HR5261 requires that any food produced with Xylitol be labeled as toxic to dogs. They are working on prohibition laws on public housing for dogs based solely on breed, already making progress on insurance, and in NY, you can no longer be denied insurance because of your dog breed.

One law expected to pass in December 2021 has \$5 million to bring together public interests in US-bred, trained, and raised dogs for research and explosive detection. It is my understanding that currently most of these dogs are purchased from other countries. **Cost-of-care legislation:** If you are incarcerated and have to board your dogs and miss even one payment you may forfeit your dogs. You may not be able to get your dogs back even if you are found not guilty.

**PC Juniors sub-committee:** The Junior Best-Practices document should now be permanently on the Delegate Portal and on the Junior Resource page. It was sent to all clubs in January (I got it and forwarded it to Myra on Jan 11) and presents a variety of events and programs for clubs to encourage young people to experience the joys of purebred dogs through involvement in club activities and the Sport. The document includes links to topics which clubs might want to consider trying. Do we have a Junior Coordinator? If not, we should consider getting one. If anyone would like to see the information on Juniors that was sent from AKC, please email me at ( [maynob@gmail.com](mailto:maynob@gmail.com) )

**PC Best Practices Sub-Committee:** Ten areas of concentration. Well-publicized webinars will be starting early in 2022. Watch for them. Anyone may attend.

**PC Breeder Development Sub-Committee:** They have submitted an award to the AKC board, called the **Eddy Award**, for clubs that go above and beyond to promote responsible breeding. Mentoring guidelines should be coming out soon. What is the BFCA doing?

**Membership Growth Sub-Committee:** Most clubs don't do anything to bring in new members. The Membership Growth committee will try to change that.

**GOVERNMENT RELATIONS** – In addition to items discussed in the PC meeting: **Sheila Goffe, Vice President Government Relations**, said AKC is putting together videos (they are really great!) we can use for different subjects that tell why AKC is concerned about different legislation. For the most up-to-date information, please go to [www.akcgr.org](http://www.akcgr.org)

Stay safe,

Mayno Blanding

## BICHON FRISE CLUB OF AMERICA CHARITABLE TRUST

Est. 2003

### Winter 2022

It was a busy 2021. We rescued 61 Bichons. Rescue does have some sad moments as a couple of our rescues went to the Bridge. They left us feeling loved which they didn't have much of before.

Our activities this year included a very successful Bash which earned \$8,121 for rescue. Sedona Taphouse in Chantilly, VA hosted our rescue in October. We received a percentage of Monday night special dinner sales and received a \$221 check. Donations have been coming in steadily; and we certainly have received some very generous donations in December.

Our new year started out with a bang. So far, we took in three more Bichons. Our plans this year include a Bash, attending local rescue events, continue the sale of our nightshirts, contracting with local animal shelters and expanding our number of fosters.

Zandra Kern  
Co-Chair and Trustee  
BFC ACT
